LQM Petroleum Services LLC. Bunker Stem Confirmation

To: Geogas Trading Sa / Luis Carrillo
To: Aegean Bunkering (USA) LLC / Georgia Kounalakis

Acting as brokers only and in accordance with instructions received from buyer, we have nominated the following bunker stem in accordance with applicable contractual terms and conditions of sale as noted below. Should there be any adjustments to the terms of sale and/or purchase, these are understood to have been reviewed by buyer and seller in advance of a nomination. Neither a buyer nor seller can advance any claim against LQM Petroleum Services LLC. as brokers due to lack of knowledge or understanding of the applicable terms and conditions.

Terms 30 Days

Buyer Clauses

Marpol Clause

BUNKER SUPPLY QUALITY, DELIVERY DOCUMENTATION AND SAMPLING FOR ALL FUELS PERTAINING TO THIS DELIVERY TO BE GOVERNED BY ALL PERTINENT REGULATIONS ESPECIALLY 14 AND 18 OF ANNEX VI OF MARPOL 73/78.

Sampling Clause

Samples taken on barge.

Sanctioned Countries Clause

The seller/supplier warrants that the bunkers ordered and delivered under this contract are neither of Iranian origin, nor of any other U.S. or E.U. sanctioned country's origin. Further, as a result of the latest executive order issued by the President of the United States on the 18th day of August, 2011 prohibiting Certain Transactions with respect to Syria, we hereby request that no seller or supplier quote any Syrian Petroleum products for our customers' requirements. If for any reason, the seller and/or supplier cannot guarantee the non-sanctioned country origin of their products, then the broker must be notified at the time of inquiry (prior to placing a nomination) advising the origin of the products. As a U.S. domiciled company we strictly adhere to the rules, regulations and sanctions imposed by the U.S. government, and consider this clause applicable to each and every transaction executed by our brokerage team.

Tax Clause

Given international aspect of bunker purchasing, buyers must note that many localities are increasing both legal and tax burden requirements onto buyers. Depending on port, previous/next port, local taxes may apply and VAT documents may be required. Buyers are responsible for payment unless exemption certificates or formulas for partial exemptions are allowed.

The details of this nomination are being sent to the buyer and seller. Any errors or omissions should be reported by either party immediately.

Subject: RE: LAPEROUSE - LSMGO Requirement at St. Croix

Good day Luis

And now....7 hours later Aegean came back to say they COULD NOT get the the truckers in the end.
So the 10 pct possibility for non-supply became the 100%

Will call in the AM.

Brgds

Good day Luis

Have heard from aegean that they have the fuel and should have the drivers. They have a meeting in about 30 minutes to try and get the terminal to confirm all in order.
As you are aware the hurricane has disrupted communication and it is difficult to get quick answers.

Was told it is 90 pct sure will get done but will be back.

Good day Luis

As you can imagine "trucking" is the issue on the island now. It's a combination of available drivers and alternative needs for the trucks.

Aegean can offer:

subject truck availability will know US opening tomorrow - MGO 0.1 @ \$737 pmt.

Expect basis this subject, best to consider the offer in hand and see how it plays out on the open trmw.

Kindly advise.

Brgds

Objet: LAPEROUSE - LSMGO Requirement at St. Croix

Dear Sir / Madame,
Good Day,

Bunkers ROB HO: 426.9 MT / DO: 50.8 MT / LSMGO: 36.6 MT.

If vessel is berthing tomorrow at St. Croix and then Berthing at Tallaboa within 12 hrs of arrival then vessel will have sufficient LSMGO for ECA area.

LSMGO May be taken during next Bunkering at Point Lisas.

However, if vessel is delayed further at St. Croix or at Tallaboa then its better to take Bunker at St. Croix.

LSMGO Lifiable for tmrw noon: 65.0MT basis tomrw LSMGO ROB:32.0MT.

Please arrange accordingly.

Best regards,

Cpt. Pradip Kumar

Capt Kumar,

Unfortunately due to hurricane Maria there is no truck facilities to supply LSMGO at St Croix, attached messages from bunker broker with the order and information of no truck avails.

Thanks.

Dear Sir / Madame,
Good Day,

Vessel was expecting LSMGO Bunkering on 28-Sep at Berth in evening, as per Boarding Agent. Vessel still awaiting almost midnight..

Please understand that same is urgently required. Therefore arrange for earliest possible delivery of LSMGO to vessel.

Best regards,

Cpt. Pradip Kumar

Capt Kumar,

Please note we have arranged for bunkers at St Croix as follows :

Vessel : Laperouse (IMO9409156)

Buyer : Geogas Trading Sa

Seller : AEGEAN BUNKERING (USA) LLC

Phy Supplier : AEGEAN BUNKERING (USA) LLC

Port : St Croix

Delivery Date : 26-sept -2017 - to be coordinated with the supplier

Quantity 1 : LSMGO (ISO8217:2010) with max sulphur 0.1% 65 MT

Fuel Specs 1 : Within ISO 8217 2010 specs for DMA <0.1% SULPHUR

Deliv mode : Ex-Truck alongside Limetree Bay

As per the requirements of SOLAS regulation VI/5-1, a material safety data sheet (MSDS) for each type of product loaded must be handed over to the master of the receiving vessel upon delivery. This MSDS must comply with Annex 1 and Annex 2 of this regulation (Effective 1st July 2009).

Agent : Inchcape

Attached our standing instructions

Please acknowledge and confirm all clear.
